## Open Access

Open Access is een internationale beweging die streeft naar vrij en ongelimiteerde online toegang tot wetenschappelijke informatie, zoals publicaties en data. Op deze manier kan iedereen wetenschappelijk informatie inzien. Voor onderzoekers geeft het open access publiceren veel voordelen. Zo is er meer zichtbaarheid voor publicaties, stimuleert het hergebruik van onderzoek, is er een brede verspreiding naar collega's, en is er een grotere citatiekans. Zie voor meer informatie: [www.openaccess.nl](http://www.openaccess.nl)

In november 2013, heeft de Nederlandse regering het standpunt ingenomen dat publiek gefinancierd onderzoek vrij toegankelijk moet zijn. Daarnaast is de ambitie dat binnen tien jaar, in 2024, 100 procent van de Nederlandse wetenschappelijke publicaties open access gepubliceerd zijn.

Uit het open access haalbaarheidsonderzoek in opdracht van de Vereniging Samenwerkende Nederlandse Universiteiten, blijkt dat het huidige Nederlandse open access beleid erg succesvol is. Vanaf 2020 is 75 procent van alle onderzoeksartikelen met een auteur van een Nederlandse universiteit of Universitair Medisch Centrum open access gepubliceerd<sup>1</sup>. Bij onderzoeksinstituten die gefinancierd worden door het ministerie van Onderwijs Cultuur en Wetenschap is het percentage lager maar nog altijd 60% van de onderzoeksartikelen worden binnen deze instituten open access gepubliceerd<sup>1</sup>. Er is geen systematisch inzicht in het percentage open access gepubliceerde artikelen van buitenuniversitaire instellingen, waaronder het Jeroen Bosch Ziekenhuis.

Uit een analyse, blijkt dat in 2022 73 procent van de onderzoeksartikelen met een auteur van het Jeroen Bosch Ziekenhuis open access is gepubliceerd. In 2021 was 71 procent van alle onderzoeksartikelen met een auteur van het Jeroen Bosch Ziekenhuis open access gepubliceerd. De verwachting is dat de komende jaren dit percentage nog hoger zal worden.

A woman's profile is shown in a soft, warm light. Overlaid on her ear is a futuristic, glowing graphic consisting of concentric circles and lines, resembling a sound wave or a digital ear model. The number '10' is prominently displayed in a large, bold, red font on the left side of the image.
